

New & Noteworthy

Introducing, colorful accents!

It all started when playing with my new buoy art - this photographed 2 ft. flat-lay created with 128 heart rocks (design #253!). How could I do buoys justice without color? So through digital editing, I individually applied colorful tints to some of the rocks and this exciting pop of color opened the door to livening up my new designs as well as the new bumper stickers and sticker sheet collections you'll find on the following pages.

The sticker sheets are a fun addition not only for the color - each includes a full backer featuring the Love Rocks Me® story and a heart rock count quiz for every design.

Color will be carried into each new note card printing by adding a similar red and blue border shown here which makes the art pop! And colorful accents will be incorporated into designs when they will enhance their visual appeal.

Here's to a vibrant year!

Ellen Thayer
